WOW

## Check out our **Second Skin!**

Classy dressing for any wall no matter its nature.

Porcelain skin that allows us to see through, respectful  
with light and durable for any use.

## WOW art in two shapes

Isos: Geometric trapezoid shape.

Petal: Organic leaf shape complemented with a triangular  
porcelain wall tile.

## Big Sizes & Second Skin

The perfect mix.

Architectural feature with design & dimension, apt to install over any surface, in any size... Over ceramic, concrete, glass, interior installation as well as exterior.

The ideal solution to decorate paving stones and slabs in big sizes.

## DIY

Easy, fast, and clean to do it yourself!  
You don't need difficult tools, only your imagination and a specific adhesive.

**PRODUCT STORING**

Please keep the product in its original packaging until the time of fixing ,suitably covered.

**TILE FIXING**

The surface where to install the pieces must be clean and level.

It is recommended that the layout of the product is prepared before its final installation. Reproducing desired pattern in the floor is of great help.

To ensure the correct product adhesion to the surface, it is essential to use specific waterproof adhesive, apt for the purpose and follow the manufacturer instructions. It must be suitable for the environment it will have to withstand.

There are several brands in the market such as "Pattex no more nails waterproof" or "Henkel no more nails waterproof" (further options will be displayed in our web page).

Second Skin does not need to be grouted.

**MAINTENANCE**

Once the material has been fitted, it is advisable to remove any remaining adhesive, as recommended by its manufacturer.

To clean the product, as a general guideline, a sponge with warm water and neutral soap is sufficient, then rinse with plenty of clean water.

Avoid abrasive and acidic cleaning products.
