WASHBASINS

LAVABI D'ARREDO PAG. 14_SHAPE PAG. 96_CENTO PAG. 144

Da una delle prime aziende del polo ceramico di Civita Castellana nasce una collezione di lavabi moderna, funzionale, accattivante. Kerasan produce sanitari in pregiata ceramica dal 1960 e oggi è presente sui principali mercati internazionali con arredi e accessori per il bagno. Un moderno complesso industriale che si sviluppa su circa quattordicimila metri quadri per eseguire ogni fase della lavorazione: dall'ideazione del prodotto alla progettazione e realizzazione dello stesso. Il risultato sono lavabi tecnologicamente avanzati, caratterizzati da un design originale e da un'estesa possibilità di personalizzazione.

Kerasan, one of the leading companies in the ceramic district of Civita Castellana, presents a modern, functional, and attractive collection of washbasins. It has been producing sanitary fixtures in vitreous-china and fine fire clay since 1960 and today it is present on the main international markets with its bathroom furnishings and accessories. In a modern industrial complex that is spread over about 14,000 square meters, Kerasan performs every stage of the manufacturing process on its premises: from designing bathroom fixtures, to realising the design and finally, production. Technically advanced production systems result in washbasins of original design offering high levels of customisation.

KERASAN

LESS IS MORE

Ludwig Mies van der Rohe

KERASAN

I lavabi: stile e uso quotidiano. La scelta di un lavabo diventa fondamentale nel momento in cui si ricercano l'eleganza e la funzionalità. Il bagno si trasforma così in un ambiente da mostrare.

Funzionalità negli spazi e dimensioni, ma anche estetica e gusto funzionale: le caratteristiche del lavabo selezionato consentono una forte personalizzazione di tutto l'ambiente bagno.

“ Stylish washbasins for everyday use. The choice of a washbasin becomes fundamental when looking for elegance and functionality. Thus, the bathroom turns into a setting of excellent design. ”

The main features of a washbasin allow you to customise the bathroom by optimising the space available, the aesthetics and the requirements regarding personal taste.

STABILIMENTO KERASAN

Kerasan può vantare un impianto con capacità produttiva fino a mille elementi ceramici al giorno.

THE KERASAN PLANT

Kerasan boasts a plant with a production capacity of up to a thousand ceramic items per day.

KERASAN

**Un ufficio sviluppo
interno all'azienda
garantisce
un costante processo
di innovazione e
di ricerca delle forme,
delle finiture e
delle tecnologie
più performanti.**

*An in-house design
studio guarantees
constant innovation and
extensive research of
the most performing
shapes, finishes and
technologies.*

“Sostenibilità:
sono le materie prime
più naturali a dar vita
alla ceramica.”

*Environmental sustainability:
the most natural raw materials
give life to ceramics.*

Il ciclo di produzione di Kerasan ha saputo trovare un equilibrio, nel tempo, tra sviluppo, performance del prodotto e sostenibilità ambientale, grazie alla cura artigiana che ne caratterizza ogni fase. Creatività e realizzazione sono inscindibili in un Paese che ha saputo fare dell'artigianato una ricchezza che si rinnova giorno dopo giorno.

The Kerasan production cycle harmonizes development, product performance and environmental sustainability thanks to the skill of its master ceramists. Creativity and fulfilment are inseparable in a country that makes craftsmanship a treasure to be renewed day after day.

Forme, colori e una rosa di designer attenti ai trend di settore.

“Shapes, colours and a roster of designers carefully concentrated on the trends in the bath industry.”

Fabrizio Batoni, Niccolò Adolini, Alessandro Paoielli, Marco Pisati, Marc Sadler: le ceramiche Kerasan affidano il proprio design ai nomi più importanti del settore dell'arredamento, per una qualità che diventa espressione stessa di bellezza.

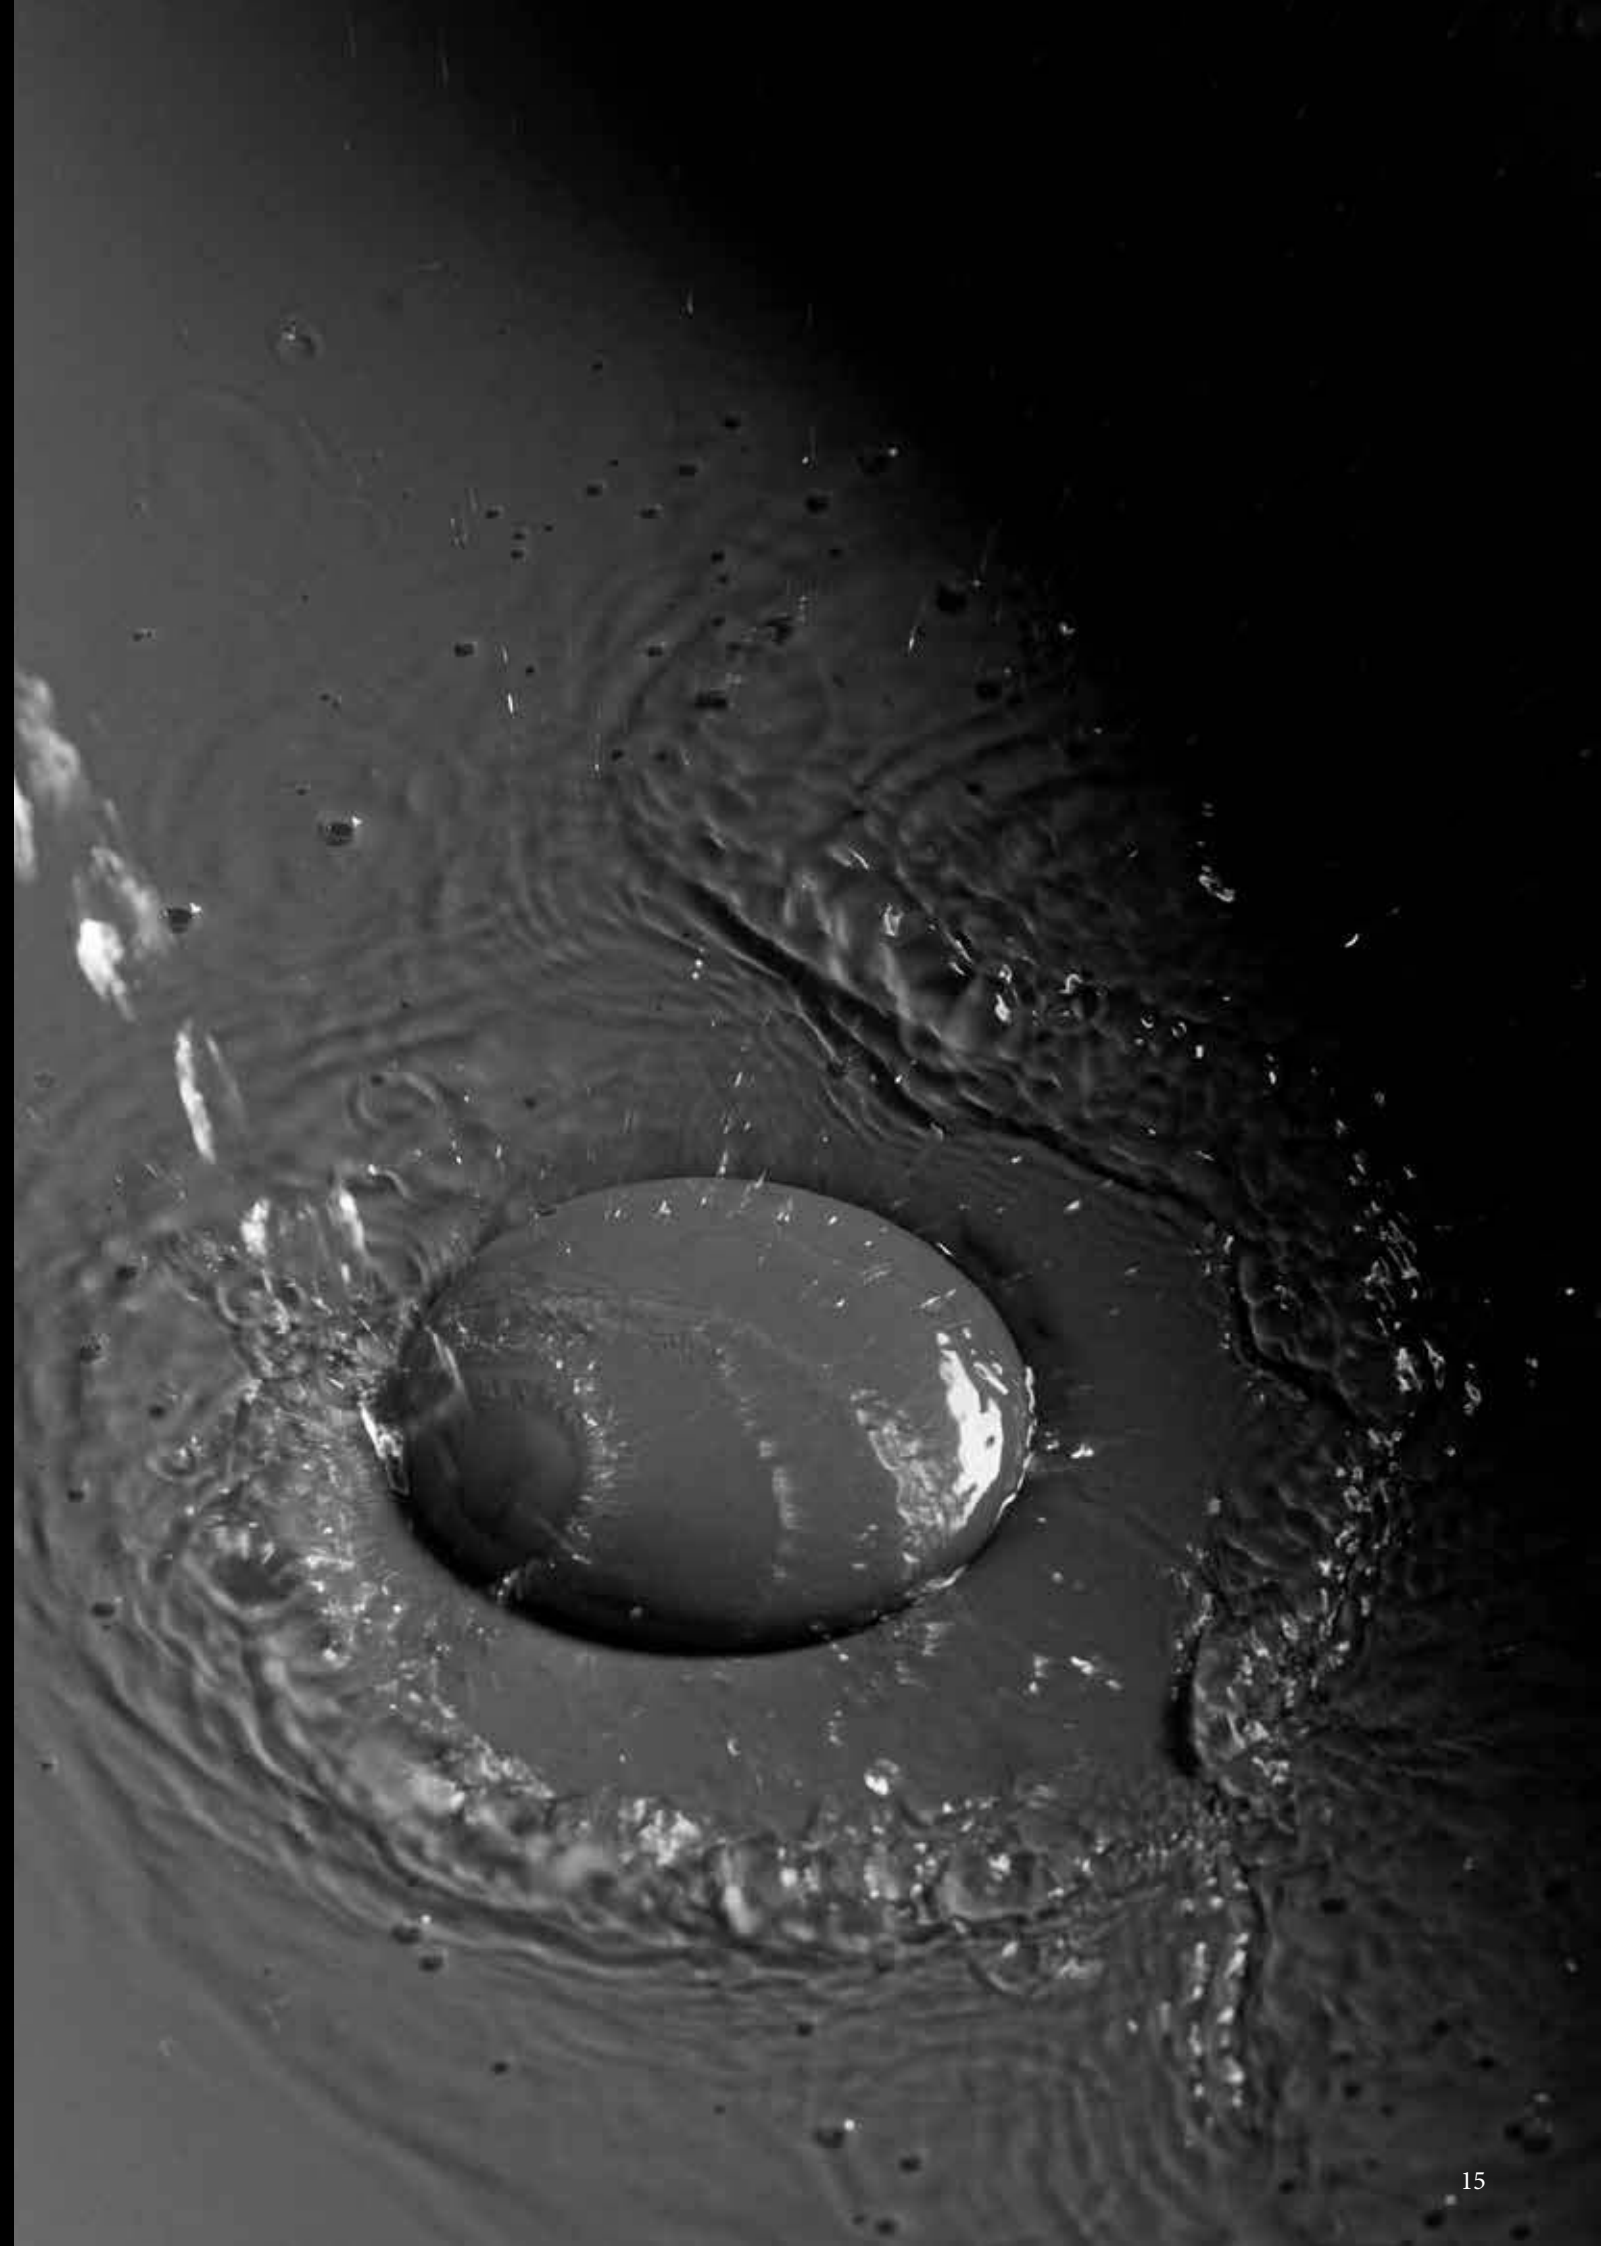

The most important names in bath decor, such as Fabrizio Batoni, Niccolò Adolini, Alessandro Paoielli, Marco Pisati, Marc Sadler have designed Kerasan ceramic products whose style is an elevated expression of beauty.

KERASAN

ON+LOUISE seducenti geometrie di forme

Louise è la rivoluzionaria struttura per l'arredobagno pensata per accogliere la serie di lavabi in appoggio della nuova collezione. Sospesa o a terra, la struttura in acciaio presenta un piano che accoppia grès e vetro per conferire al mobile una maggior resistenza e un'estetica seducente.

Louise is a vanity unit of revolutionary design suitable for countertop washbasins from the new collection. The metal framework has a top that couples stoneware and glass to ensure greater resistance and extraordinary beauty. It can be floor-standing or wall-hung.

NOLITA+THELMA il fascino dell'essenziale

Strutture innovative che trovano nella pulizia delle linee il miglior sostegno alla nuova linea di lavabi. L'essenzialità diventa criterio guida di un design che si muove costantemente tra estetica e funzionalità.

New vanity units with linear design prove to be the best support for the new collection of washbasins. Essentiality is the parameter of a design that constantly balances between aesthetics and functionality.

ESTETICA E TECNICA binomio perfetto

Le innovazioni tecniche sono messe al servizio dell'estetica, garantendo un montaggio perfetto a ogni operatore. Due piani perforati risultano assemblati per consentire la massima facilità di installazione, assicurando molteplici peculiarità tra le quali:

- Elevata resa estetica;
- Resistenza alle sollecitazioni;
- Igiene e sicurezza: non rilasciano sostanze nocive per la salute;
- Resistenza agli sbalzi termici causati da fonti di calore, ai raggi UV e agli stress atmosferici;
- Inalterabilità nel tempo e facilità di pulizia
- Antigraffio
- Impermeabilità
- Impatto ambientale ridotto per la totale assenza di agglomerati chimici o resine.

Technical innovations enhance aesthetics and guarantee a perfect solution for every end-consumer. Two cut-out countertops are assembled to ensure maximum ease of installation and a support surface with multiple features including:

- High aesthetic quality.
- Shock resistance.
- Hygiene and safety: they do not release harmful substances.
- Resistance to thermal shock caused by heat sources, ultraviolet radiation, and atmospheric agents.
- Unalterable over time and easy to clean
- Scratchproof
- Waterproof
- Low environmental impact thanks to the total absence of chemical conglomerates or resins.

FINITURE STRUTTURE, MENSOLE RIPIANI E CASSETTI *FINISHES FOR VANITY UNITS, COUNTERTOPS AND DRAWERS*

STRUTTURE ACCIAIO INOX E SPECCHI

Acciaio AISI304 verniciato a polveri epossidiche. La verniciatura a polvere di un oggetto in metallo consente di ottenere uno strato di colore più spesso conferendo così una maggiore resistenza ed elasticità rispetto alle vernici convenzionali. È un processo ecologico poiché produce composti organici volatili minimi (0<).

STAINLESS STEEL FRAMEWORKS AND MIRRORS

The AISI304 steel is painted with epoxy powders. The powder coating of a metal object allows producers to obtain a thicker layer of colour, thus ensuring greater durability and elasticity than conventional paints. It is an eco-friendly manufacturing process as it forms minimal volatile organic compounds (0<).

SHAPE

KERASAN

SHAPE+THELMA purezza delle forme e funzionalità

Una linea continua che unisce il piano di appoggio e il lavabo: le due funzionalità creano infatti un unico e innovativo modello. Caratterizzato da un semplice avvallamento su un piano ceramico, Shape è un lavabo dall'essenzialità estrema.

There is no break in continuity between the top of the vanity unit and the washbasin because the two elements are enclosed in a single ceramic piece. Extreme essentiality for the Shape, a washbasin featuring a simple hollow on a ceramic top.

SHAPE+LOUISE il bagno è un posto felice

Shape bianco abbinato alla struttura metallica nera crea un raffinato contrasto in black&white. L'elemento in sospensione garantisce una funzionalità accentuata grazie al piano inferiore dello stesso colore del lavabo da appoggio.

There is a stark contrast between the white Shape washbasin and the black of the metal vanity unit. This suspended vanity unit guarantees a high grade of functionality thanks to the additional shelf in the same colour as the countertop washbasin.

SHAPE+LOUISE esercizio di stile

Non esistono gesti superficiali o elementi non necessari nel mondo Shape. Total black per la struttura asimmetrica con una base d'appoggio caratterizzata dal minimo ingombro che garantisce al tempo stesso la massima funzionalità e un mood minimale di grande eleganza all'intero ambiente.

Everything is necessary and nothing is superficial in the Shape world. Total Black for the asymmetrical, minimally encumbering vanity unit that guarantees maximum functionality and provides the whole environment with a minimalist but, at the same time, refined style.
