Le Giare

“Mi sono spesso chiesto perché, entrando in bagno, percepiamo sempre una ‘dissociazione’ tra la coppia vaso-bidet e il lavabo. Ho quindi immaginato i tre elementi ‘Le Giare’ come, metaforicamente parlando, tre gemelli accostati tra loro in armonia da una geometria chiara, leggibile ed elegante. Un’unica geometria che abbraccia tre funzioni e che nasce dalla forma, percepita e riconosciuta come forma assoluta, simbolo di vita e di perfezione: quella dell’uovo”.

Claudio Silvestrin

Le Giare è una linea di elementi per il bagno disegnati da Claudio Silvestrin per Cielo, caratterizzati da un design sinuoso, austero ma non estremo, contemporaneo, elegante ma non ostentativo adatto ad ogni ambiente bagno. Linee sinuose disegnano perfette forme circolari che si inseriscono nei contorni esterni ovali dando forma ad una vera e propria scultura ceramica dalla geometria chiara. La collezione è composta da lavabi sospesi e freestanding, disponibili in diverse dimensioni e da sanitari sospesi e a terra; ciascun pezzo è disponibile nelle finiture bianco lucido, nero lucido, stone e antracite.

“I often asked myself why I get this feeling of disconnection between the WC, bidet and wash basin when I enter a bathroom. Then I’ve imagined those three elements of “Le Giare” as, metaphorically speaking, a set of triplets drawn together in harmony by a clear, readable and elegant geometry. A shape that could encompass three functions, a shape that arises from the form; a geometry worldwide perceived and recognized as absolute, a symbol of life and perfection: the shape of an egg.”

Claudio Silvestrin

Le Giare is a complete bathroom collection designed for Cielo by Claudio Silvestrin. Le Giare collection is characterized by a sinuous design, austere but not extreme, contemporary, elegant but without ostentatious, suitable for any bathroom. The sinuous lines draw perfect circular shapes that flow into the oval outside, giving birth to a real ceramic sculpture of pure geometry. The Collection consist of wall-mounted and freestanding sinks, available in different sizes and wall-mounted or back-to-wall sanitary ware; each item available in glossy white, glossy black, stone and antracite.
