An aerial photograph showing a large, vibrant green field in the center, surrounded by a thick forest of green trees. In the foreground, there is a paved road with a circular driveway and a parking lot containing several cars. The background features rolling hills covered in forest under a clear blue sky.

Gessi

The Green Company.

Gessi è fortemente radicata nel proprio territorio e fin dalla propria costituzione ha assunto la missione di rispettarlo. La fabbrica è circondata da 800.000 mq di parco verde, e si caratterizza per impianti di illuminazione ad alta efficienza, sistemi ventilati di raffreddamento e pannelli di riscaldamento ecologici, un impianto di riciclo totale dell'acqua, 4 ettari di pannelli fotovoltaici che producono energia pulita a favore delle operazioni produttive, evitando qualunque emissione di CO2.

Gessi belongs to its territory and since its inception has a mission to respect it. The factory, surrounded by 800.000smq of park, features high-efficiency lighting, ventilated eco-thermal panel systems, water recycling system, 4 hectares of photovoltaic panels that produce clean energy fuelling the workshop, avoiding any CO2 from emission.

GESSI - предприятие, в котором сочетаются такие понятия как этика, качество, человек и окружающая среда.

Каждый день GESSI заботится о сохранении окружающей среды, создавая продукцию непревзойденного качества, используя передовые технологии, внедряя новые процессы, придерживаясь при этом строгой политики, а порой и выходя за рамки нормативных требований.

Это те ценности, которые лежат в основе деятельности компании и которые являются едиными для всех, кто, как GESSI, желает подчеркнуть культурную значимость производимого продукта, выходящую за рамки простой видимости.

Gessi the ethical company, attentive to quality, laborers and the environment.

Employing advanced technology, and sometimes inventing its own new processes, adhering to its own strict policies, often far beyond regulations, every day Gessi affirms its goal of preserving the environment, manufacturing creations of unparalleled quality and promoting a healthy workplace.

These is what Gessi strives for, in the belief these values should be shared by all those who want to foster a culture of the product that goes beyond simple appearances.

GESSI всегда внимательна к теме "зеленого" производства. Компания уже много лет серьезно занимается исследованием и развитием технологических и технических решений для своей продукции, направленных на снижение расхода топлива и минимизирование воздействия на окружающую среду, придавая немалое значение эстетике и предлагая новинки на каждый сезон.

Gessi has been for years on the forefront of "green" production; in fact the Company has since long engaged in very serious R&D aimed at introducing technological or technical solutions in its products and processes, whose goal is to minimize resources consumption and the overall impact on the environment, while still preserving outstanding aesthetics and proposing innovative designs at every new season.

Дизайн в наши дни это не просто эстетика, эргономика, функциональность и способность индустриализации продукта, дизайн должен учитывать ценности и социальные проблемы общества: экология, энергоресурсы, новый образ жизни, новые потребности индивидуальные и коллективные.

GESI много лет посвятила серьезным исследованиям для своих новых проектов, воплощенных в материал самого высокого качества с гарантией скрупулезного итальянского производства; при этом уделяя внимание как научно-ориентированным техническим и технологическим решениям, так и безопасности и совместимости продукции и процессов.

GESI всегда стремилась быть источником неординарных решений.

Так родилась идея "фабрики-оазиса" GESI: особенного места производства, спроектированного, чтобы быть функциональным, эффективным, красивым и полезным для работника и для окружающей среды, сочетая эко-промышленную архитектуру и ландшафт, технологию и дизайн. Здесь приходит понимание, что продукция, которая экспортируется по всему миру, произведена с использованием лучших на сегодняшний день технологий, не нанося вред окружающей среде.

Идея «зеленого» парка, в действительности, ориентирована на экологию в своих различных системных, технически совершенных решениях, абсолютно уникальных в промышленном ландшафте.

Они варьируются от естественного освещения и вентиляции до закрытого контроля качества и систем, которые обеспечивают высокую климатическую отдачу, также благодаря утилизации и повторному использованию тепла, уделяя должное внимание эффективности использования энергии и выбросов в атмосферу.

GESI была первым заводом в Европе, которая запустила авангардные установки, которые позволяют перерабатывать практически все используемые воды, от дренажа подземных вод и повторного использования для орошения, до сбора, очистки и утилизации технологических вод, и установила 4 га фотогальванических поверхностей с одной из самых инновационных и передовых систем для генерации солнечной энергии на поверхность крыши, которая начала производить "чистую" энергию уже в конце 2010 года и позволила избежать выброса в атмосферу тысячи тонн CO2.

Стремление оптимизировать процессы, сократить расходы, затрагивает, под контролем Интегрированной системы контроля качества и охраны окружающей среды, все уровни организации. Забота об окружающей среде присутствует уже на ранней стадии разработки каждого нового проекта: это попытка создания нового мышления, которое сделает такой выбор "естественной потребностью" для всех.

С другой стороны, идти в ногу со временем означает для GESI не только внедрение новых эстетических решений, но и забота о потребностях будущих поколений.

Поэтическое вдохновение и уважение к окружающей среде - девиз бренда GESI, вместе с уникальностью их дизайна и технологий.

Design today need not only be aesthetics, ergonomics, functionality and ability to industrialize the product; it should also take account of the values and concerns of society: the environment, energy resources, new dwelling customs, new individual and collective needs.

Gessi has long engaged in a very accurate study of innovative, timeless designs and new housing concepts for tomorrow's dwellings to be invariably proposed at every season - relying on the use of highest quality materials and the time-honoured tradition of meticulous Italian craftsmanship. The same level of accuracy is used in its search for technical and technological solutions so as to obtain safe and sustainable products and processes.

Gessi purports to be a 'special place' where out-of-the-ordinary fantasies come true. The new Gessi Park originates from this very idea. It was designed as a special, oasis-like production complex that combines functionality and efficiency with beauty, eco-friendliness and worker-friendliness. The Park layout mixes industrial and landscape eco-architecture, technology and design, all harmoniously integrated in the territory. This provides a perfect setting for seamless production processes where products meant for worldwide exportation are manufactured with the use of state-of-the-art technologies and zero environmental impact.

The green design of the Park is just an aspect of the overall project whose environmental sustainability rests with technically advanced, ecologically responsible and industrially unparalleled if not unique system solutions. These solutions span from natural lighting and ventilation apparatuses through indoor quality control to highly efficient conditioning and heating systems including, inter alia, systems recovering and reusing the heat produced; all devices are designed with the utmost attention to energy efficiency and abatement of polluting emissions into the atmosphere. Gessi is the first company in Europe to have developed pilot plants for recycling almost all of the water employed in production processes, e.g. systems for the drainage of underground water and its reuse for irrigation, systems for process-water collection, purification and recycling, etc. The Company has also deployed on a 4 ha surface one of the most innovative and advanced rooftop solar photovoltaic generation systems, which came into operation at the end of 2010 and will produce clean energy while avoiding thousands of tons of CO2 to be released into the atmosphere.

The commitment to optimise processes and minimise wastes and inefficiencies involves each level of the Organization through an Integrated Quality and Environmental Management System. Environment protection is a concern since the very early stages of development of any product or process project; Gessi considers it a mission towards its clients and a commitment to create a mindset for everyone to embrace environment minded behaviours and choices.

After all, for Gessi Innovation means not only inventing new aesthetic solutions but also, and more importantly, meeting dreams and needs, including those of generations to come, with new technologies, new production processes and new materials. Along with design uniqueness and technology, the real added value of the Gessi brand is indeed its content of poetry and respect for the world.

IMMAGINARE IL MAGNIFICO
**IMAGINE THE
 MAGNIFICENT**

The future belongs to those who believe in the beauty of their dreams. The uncertainty of recent times has filled us with angst, making it ever-more important to create positive moods through a new approach to the poetry of living, a new path to beauty, and a freeing of the imagination to dream of the future. Positive emotions become sources of wellness, a wellspring of rebirth.

Il futuro appartiene a coloro che credono nella bellezza dei loro sogni; questo tempo pieno di incertezze ha riempito l'uomo di ansia, sicché è diventato importante creare stati d'animo positivi attraverso un nuovo accostamento alla poesia delle cose, un nuovo accesso al bello, al magnifico, alla immaginazione del futuro. Le emozioni positive dell'immaginazione diventano condizioni di benessere, esperienza di rinascita.

Careful attention to the detail and form of the sink mixer is balanced by an aspiration for simplicity. Venti20 fully captures the allure of the '20s, evoking pleasant visions of light-hearted celebration. The choice of a particular colour or line, like a precious jewel, captivates you in the moment and inspires you for a lifetime.

Un'attenta cura dei dettagli e della forma del mixer per lavabo è bilanciata da una aspirazione all'essenzialità. Venti20 esprime appieno l'allure tipico degli Anni '20, riportando alla memoria piacevoli attimi di spensieratezza e festa. La scelta di un colore, di una linea, come per un gioiello, rapisce in un momento di piacere che dura per tutta la vita.

VENTI20

The chromatic beauty of the Nickel finish intrigues the imagination with promises of sophisticated wellness. The purity of form enhanced by this reflective finish and the pronounced formal details of the design are beautifully nuanced, resulting in an eclectic finish with a distinctly Art Deco vibe.

L'unicità cromatica della finitura Nickel, con i suoi caldi riflessi, lascia spazio all'immaginazione di gesti e momenti di privata, raffinata piacevolezza e di sofisticato benessere. La purezza delle forme esaltate da questa finitura e l'evidenza dei dettagli formali del design, divengono simbolo di una bellezza ricca di interessanti sfumature, di uno stile eclettico e internazionale in cui riecheggiano gli stili dell'Art Deco.

HI-FI Eclectic

Hi-Fi is the latest project developed by Gessi for the design and technology of a thermostatic shower mixer control with advanced functions; as such it represents the latest addition to the Gessi Private Wellness Programme.

Hi-Fi Eclectic is an evolution of the original Hi-Fi concept: a high-design multifunctional shower control with shapes and features that remind us of the panels, graphics, keys and knobs of the high fidelity stereo systems that made a deep mark in the history of design and technology.

As an aesthetic development of this original concept, Hi-Fi Eclectic incorporates, with an eclectic inspiration, formal and decorative traits of industrial nature and early 20th century heritage, and becomes a transversal design, creating the intimate and relaxing atmospheres of the world of Private Wellness in the most diverse environments, from eclectic contemporary, to classic, to industrial-retro, thus making Gessi's Sound of Wellness a timeless harmony, for all interior styles.

Hi-Fi è il più recente progetto sviluppato da Gessi per il design e la tecnologia di un comando miscelatore per docce a funzioni avanzate; come tale rappresenta il più recente complemento del Programma Gessi Private Wellness.

Hi-Fi Eclectic costituisce una evoluzione del concetto originale di Hi-Fi: un comando doccia multifunzione di alto design che assimila reminiscenze, nelle forme e nelle funzionalità, di pannelli, grafica, tasti e manopole, degli apparecchi stereo per la riproduzione musicale ad alta fedeltà che hanno segnato un solco profondo nella storia del design e della tecnologia.

Come sviluppo estetico di questo originale concetto, Hi-Fi Eclectic incorpora, con una ispirazione eclettica, tratti formali e decorativi di sapore industrial ed heritage primo '900, per farsi design trasversale, e creare le atmosfere intime e rilassanti dell'universo del Private Wellness negli ambienti più diversi, dal contemporaneo eclettico, al classico, all'industrial-retro, facendo così diventare il Sound of Wellness Gessi, una armonia senza tempo, per tutti gli stili di interior.

THE TIMELESS SOUND OF WELLNESS

A timeless harmony for all interior styles.

Una armonia senza tempo per tutti gli stili di interior.

Your Personal Symphonies

Creating interiors that produce wellness and express style and personality

Creazione di interni che producano benessere ed esprimano stile e personalità

By controlling the modes, intensity and patterns of the jets of water, and with a compact and distinctive design, Hi-Fi Eclectic has been created for interior design and private wellness enthusiasts who appreciate a perfect combination of distinctive, eclectic and timeless design and cutting-edge technology for wellness.

Controllando con un design compatto e di forte carattere, le modalità, l'intensità e le forme di emissione dell'acqua sul corpo, Hi-Fi Eclectic è pensato per i cultori dell'interior design e del benessere privato che apprezzano una combinazione perfetta tra un design distintivo, eclettico e atemporale, e tecnologia d'avanguardia per il benessere.

The design is inspired by music, with its power to turn thoughts into emotions

The Hi-Fi Eclectic mixer can be combined with both showerheads and shower kits from Gessi's Collections, with various designs and inspirations, and with waterfall spouts, horizontal jet showerheads, atomisers and other modular elements of the extensive Gessi Private Wellness Programme for hydrotherapy and wellness.

La musica ispira il design per il suo potere di trasformare i pensieri in emozioni

Il miscelatore Hi-Fi Eclectic può essere abbinato tanto a soffioni e kit doccia di Collezioni Gessi di ispirazione e design vario, quanto alle bocche a cascata, i soffioni a getto orizzontale, gli atomizzatori e gli altri elementi modulari del vasto Programma Gessi Private Wellness per l'idroterapia e il benessere.

Through the innovative Outdoor L collection, the unique decorative richness and power of Gessi Outdoor are further enriched and emphasised by an aesthetic with high-tech accents and the enveloping chromotherapy that is brought into contact with nature. To the beauty of water, the interweaving of elements and emotions, the power of light is added: a beam of well-being that illuminates your moment of pleasure.

A product that stands out for its captivating and decisive personality, for its iconic and discreet shapes. Its pioneering technology system combines, for the first time, lighting and colour therapy in an outdoor product. Functionality and practicality have always been synonymous with Gessi, who, through this latest creation, have once again chosen to make the wellness experience comfortable and immediate. For this reason, all light and colour intensity can be controlled and adjusted directly on the column itself through an innovative touch system.

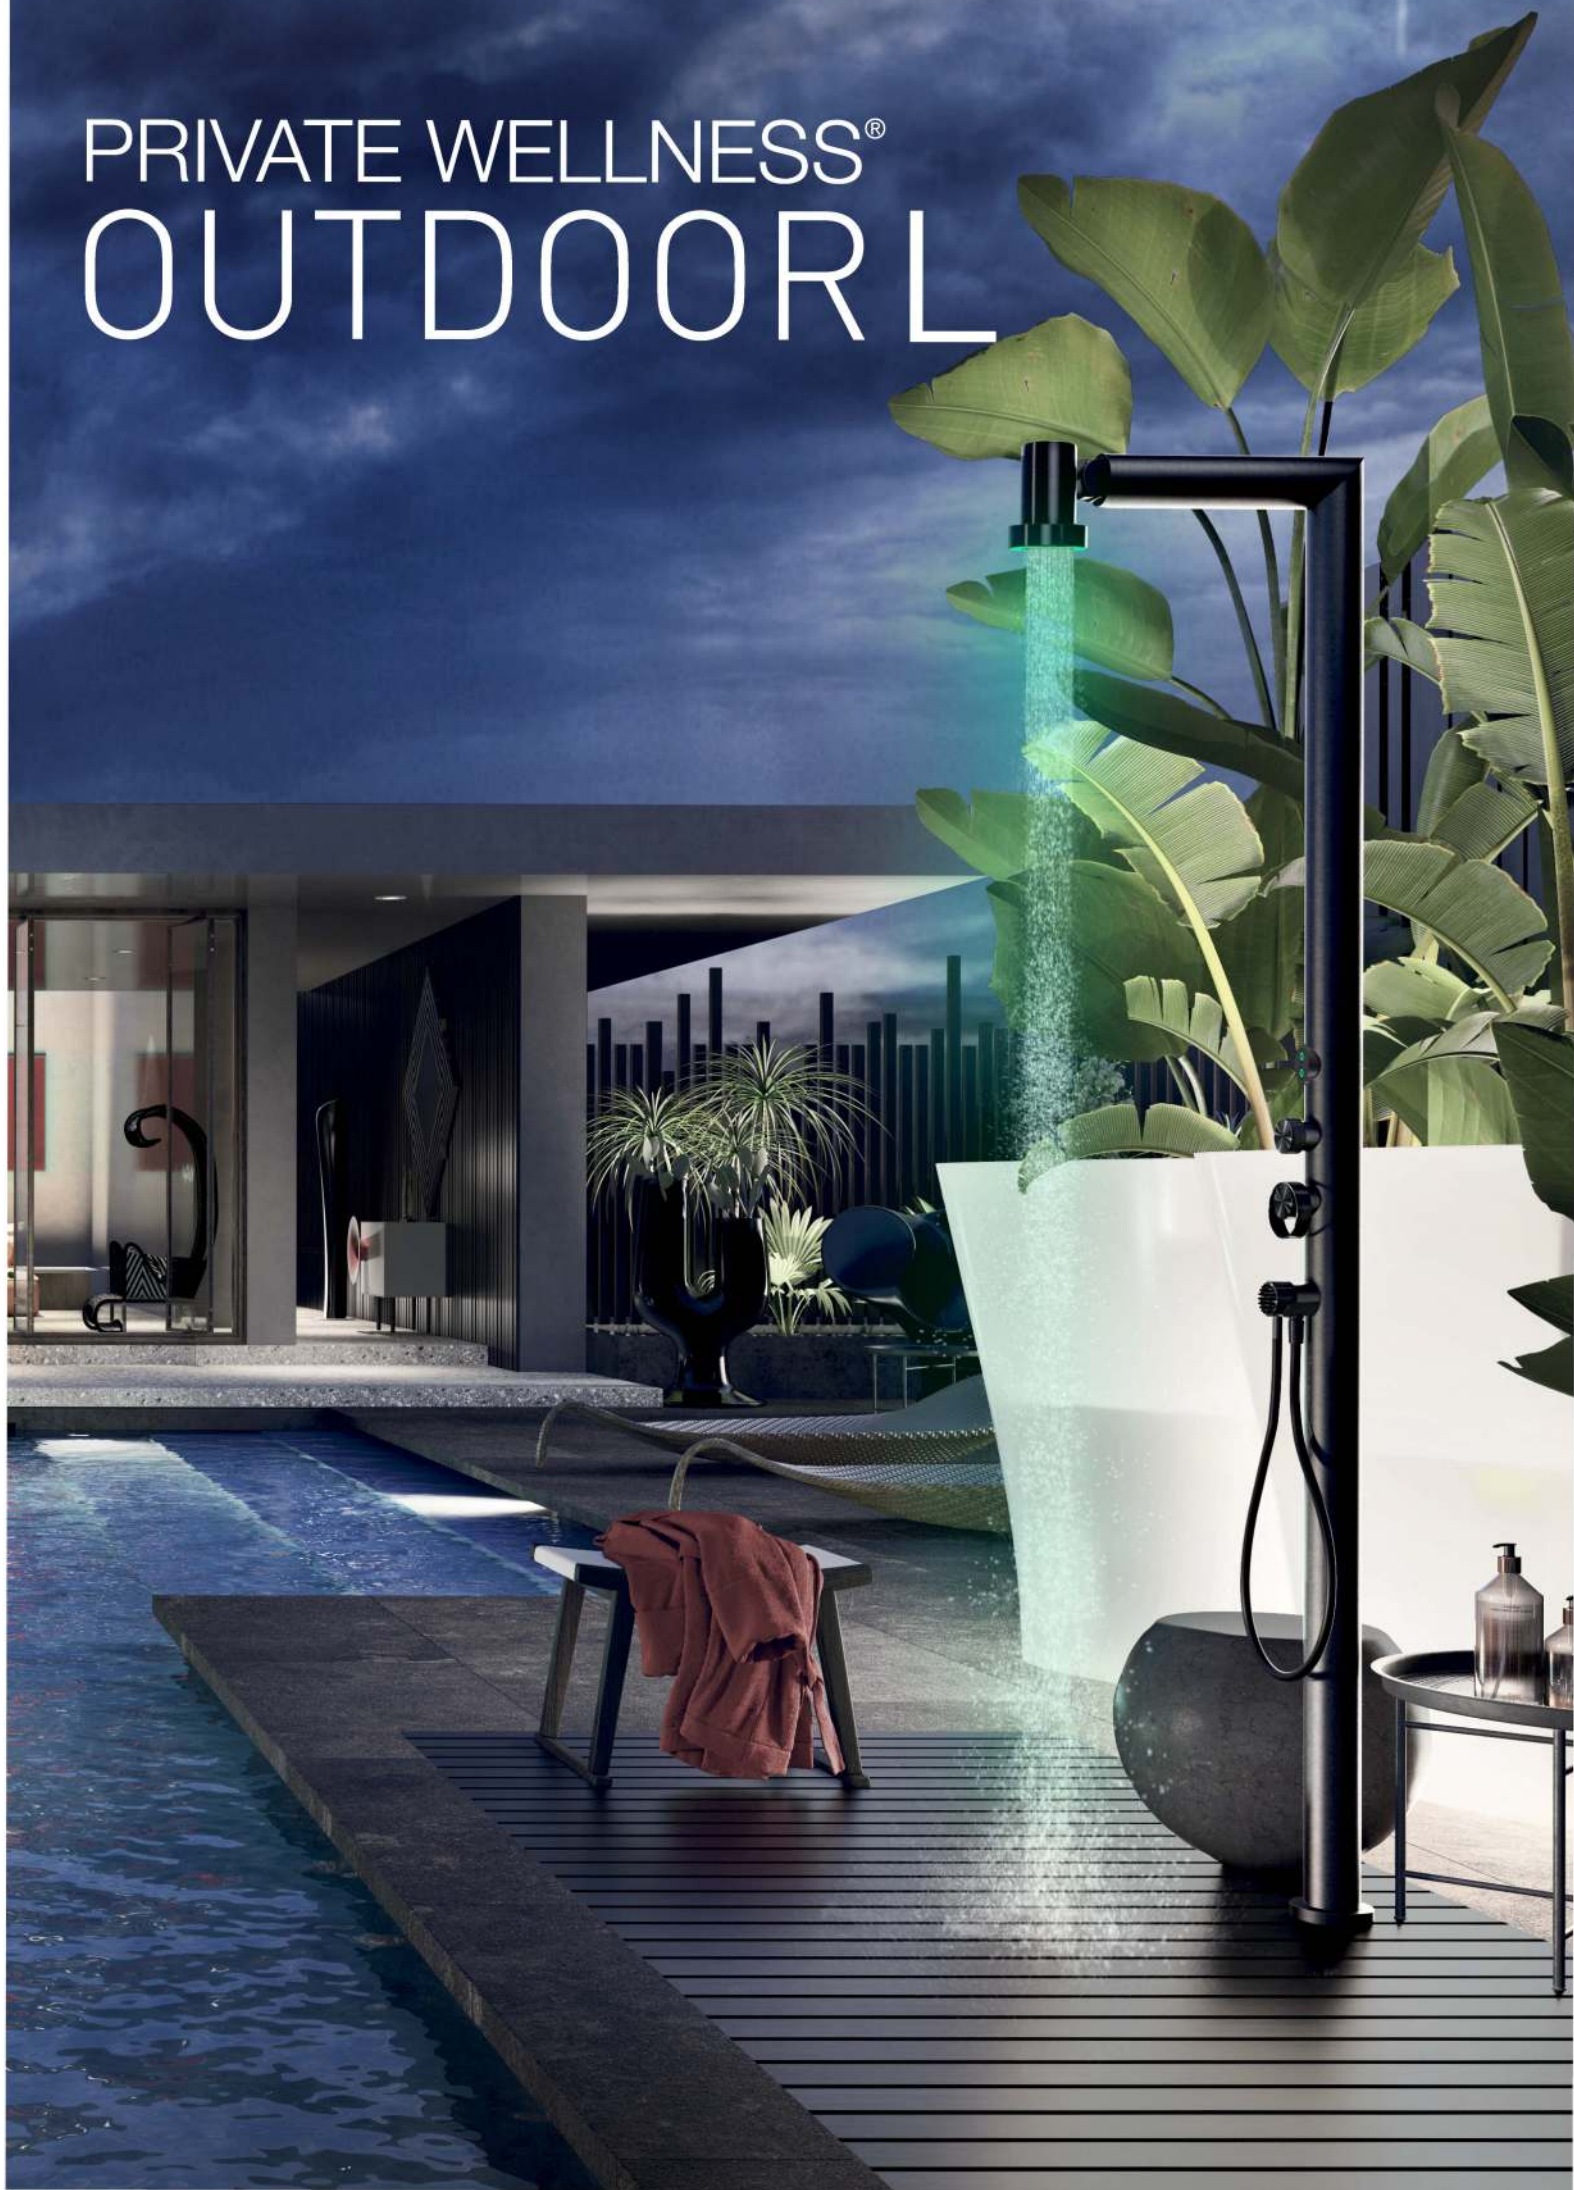

Attraverso l'innovativa Outdoor Con Luce, la ricchezza e potenza decorativa uniche di Gessi Outdoor vengono arricchite ed enfatizzate ulteriormente da un'estetica dagli accenti High tech e dall'avvolgente cromoterapia portata a contatto con la natura. Alla bellezza dell'acqua, l'intreccio di elementi ed emozioni, si aggiunge la forza della luce: un fascio di benessere che illumina il tuo momento di piacere.

Un prodotto che si distingue per la sua personalità accattivante e decisa, per le sue forme iconiche e allo stesso tempo discrete. Il pionieristico sistema tecnologico ideato coniuga per la prima volta illuminazione e cromoterapia in un prodotto da esterno. Funzionalità e praticità sono da sempre sinonimi per Gessi, che anche in questa nuova creazione ha scelto di rendere l'esperienza di benessere comoda e immediata. Per questo, tutta la regolazione dell'intensità luminosa e cromatica può essere controllata direttamente sul fusto della colonna attraverso un innovativo sistema touch.

push- BUTTON

The purchaser will receive the mixer with a standard keys configuration, as per the most common water functions selection.

Ciascun acquirente riceverà il miscelatore configurato con i tasti della dotazione standard, corrispondenti alle più comuni configurazioni di funzioni acqua di un'area doccia

Single outlet
mixer standard
supplied button

*Tasto in dotazione
standard per
mixer a 1 uscita*

2 outlet mixer
standard supplied
buttons

*Tasto in dotazione
standard per mixer
a 2 uscite*

3 outlet mixer
standard supplied
buttons

*Tasto in dotazione
standard per mixer
a 3 uscite*

4 outlet mixer
standard supplied
buttons

*Tasto in dotazione
standard per mixer
a 4 uscite*

The standard keys can be replaced with special etched one having the specific icons of the water outlets required by the customer. Any custom key can be ordered separately. Keys without etching or neutral configured are not available.

I pulsanti standard sono sostituibili con tasti recanti le icone specifiche delle uscite acqua che l'utilizzatore desidera installare nella propria doccia e che sono ordinabili separatamente. Non sono previsti tasti con configurazione neutra ovvero non serigrafati.

**GENERAL
INFORMATION**

ТЕХНИЧЕСКИЕ ТРЕБОВАНИЯ:

- 1) Чтобы обеспечить долгий срок службы изделия необходимо устанавливать краны с фильтром, которые необходимо периодически прочищать;
- 2) Не устанавливайте изделие если водяное давление выше 5 бар (в данном случае использовать редуктор давления);
- 3) Температура воды не должна превышать 70 °C;
- 4) Необходимо сделать промывку труб, прежде чем устанавливать кран;
- 5) Для установки, следовать инструкциям по монтажу, которая поставляется вместе с изделием;
- 6) Не подключайте заземление электросети к гибким трубам или к другой гидравлической системе;
- 7) Отключите установку в случае отсутствия более двадцати четырех часов.

ЭКСПЛУАТАЦИЯ: РЕКОМЕНДАЦИИ ПО УХОДУ ЗА ИЗДЕЛИЯМИ GESSI SpA

Изделия GESSI S.p.A. производятся из разных материалов, в соответствии с нуждами рынка, дизайна и функциональности. Поверхности изделий GESSI S.p.A. производятся на основе лучших материалов, проверенных производственных процессов и постоянно совершенствуются, что подтверждено сертификацией качества. Чтобы полностью оценить ваше изделие GESSI и сохранить его эстетические особенности, необходимо учитывать следующее:

А) Вода содержит известняк в различных количествах, который оседает на поверхности изделия, оставляя следы после испарения воды. Для того чтобы предотвратить образование отложений кальция, и содержать ваше изделие в чистоте, всегда вытирайте его сухой мягкой тканью сразу после использования.

Б) НЕ СЛЕДУЕТ ИСПОЛЬЗОВАТЬ МОЮЩИЕ СРЕДСТВА, РАСТВОРИТЕЛИ, ХИМИЧЕСКИЕ РЕАКТИВЫ, АБРАЗИВНЫЕ ГУБКИ, МЕТАЛЛИЧЕСКИЕ ЩЕТКИ, СПИРТ, и т.д., что наносит непоправимый ущерб поверхности изделия, его эстетике, блеску и гладкости. ЧИСТИТЬ ИЗДЕЛИЕ ТОЛЬКО СЛЕГКА МЫЛЬНЫМ РАСТВОРОМ, ПРОТЕРЕВ ПОСЛЕ ЭТОГО МЯГКОЙ ТКАНЬЮ.

С) Периодически мыть фильтр аэратора, предварительно аккуратно сняв его, чтобы удалить известковый налет, который затрудняет выход воды.

Д) При использовании мыла в аэрозольной упаковке, нанести его сначала на чистую ткань или губку, НИКОГДА непосредственно на изделие.

Компания оставляет за собой право аннулировать гарантию в случае невыполнения вышеперечисленных рекомендаций, что будет установлено сервисным инженером GESSI SpA.

Любое изменение в данной гарантии предоставляется только GESSI SpA с надлежащим письменным уведомлением. Гарантия не считается действительной при отсутствии документа, подтверждающего дату покупки.

Любые повреждения и / или дефекты изделия будут исправлены по гарантии, только если артикул, являющийся предметом жалобы, будет возвращен на GESSI SpA в оригинальной упаковке с приложением документа, подтверждающего факт покупки. Гарантия распространяется на все страны, кроме США и Канады, куда изделие поставляется GESSI SpA или ее авторизованным дистрибьютором. В гарантии, в любом случае, не учитываются затраты на монтаж и демонтаж изделия, поездки и техническая помощь специализированного персонала, а также расходы, понесенные заказчиком из-за невозможности и / или приостановки использования изделия. Любые несовершенства отделки и натуральных материалов не считаются дефектами, но характерной чертой изделия в связи с ремесленным изготовлением.

TECHNICAL PRESCRIPTIONS:

- 1) in order to guarantee a long duration of the product install angle valves with filter, which have to be regularly cleaned;
- 2) you should not install the product in presence of water pressure higher than 5 bar: in case of higher pressure, it is recommended to use a pressure reducer;
- 3) water temperature should not be higher than 70 °C;
- 4) carry out the rinsing of the pipes before installing the tap;
- 5) regarding the installation follow the assembly instructions enclosed with the product;
- 6) do not connect the earthing of an electric installation to a flexible hose or to another water pipeline;
- 7) close the plant in case of an extended absence of more than twenty-four hours.

MAINTENANCE: INDICATIONS FOR THE CLEANING OF THE GESSI S.p.A. PRODUCTS

The GESSI S.p.A. products are manufactured articles of different materials according to any requirement of the market, design and functionality. The surfaces of the GESSI S.p.A. manufacturing are obtained using the best materials, approved production processes and are constantly checked by updated quality certification methods, considered as follows:

A) Water contains limestone in different qualities, which remains kept on the surfaces of the product, leaving deposits after the water has been evaporated. It is possible to prevent the forming of limestone deposits and to keep your product clean by drying it always with a soft cloth immediately after use.

B) DETERGENTS, SOLVENTS, CHEMICAL AGENTS, ABRASIVE SPONGES, WIRE WOOL, ALCOHOL, ETC. SHOULD NOT BE USED as these could irreparably damage products' surfaces compromising their aesthetics, brightness and satinizing. CLEAN EXCLUSIVELY WITH WATER AND NEUTRAL SOAP DRYING THEM WITH A SOFT CLOTH.

C) Clean regularly the aerator filter after having it disassembled and after having removed the limestone which obstructs the outlets.

D) When using spray soap, splash first on a clean cloth or on a sponge, NEVER directly on the product.

The company has the right to invalidate the warranty when the above mentioned conditions will not be obeyed, checked by a technician of GESSI S.p.A.

The company GESSI S.p.A. can issue only any modifications at this warranty through a proper written declaration. Furthermore, the warranty will not be valid in case of missing documentation which proves the date of purchase.

Possible product damages a/o defects will be replaced under warranty only if the related item of complaint is send back to GESSI S.p.A. in the original packaging including the proof of purchase. The warranty is valid in all the countries, excluded USA and Canada, where the product has been supplied by GESSI S.p.A. or by its authorized distributor. The costs for the assembling and the disassembling of the product, the travelling and the technical interventions by the skilled staff, as well as the burden undergone by the customer due to the indisposition a/o the suspension of the product use are in any case excluded from the warranty. Possible imperfections at the finishing and at the raw materials, are not defects, but features of the product due to the handmade production.

ОБЩИЕ УСЛОВИЯ ПРОДАЖИ

GENERAL SALES CONDITIONS

- A Высылая заказ, Клиент принимает все изложенные ниже условия. Продажа считается оформленной только после получения четкого согласования от компании-продавца.
With the dispatch of the order the Customer agrees to all the following conditions. The sale is finalized only after the official confirmation approval of the order by the Company.
- B Цены в этом прейскуранте приведены без учета НДС и выражены в евро. Продавец оставляет за собой право изменять цены, условия продажи и продукцию (внося изменения в артикулы и / или отделки или даже ликвидируя тот же артикул из данного прайс-листа) в любое время по своему собственному усмотрению и без каких-либо обязательств по уведомлению.
The prices indicated in this price list do not include V.A.T. and they are expressed in Euros. The Seller may modify prices, general sales conditions and products (by modifying items and/or finishings or by removing them from this price list) at the Seller discretion without any prior notice.
- C Сроки поставки не являются окончательными и, поэтому, не обязательны для соблюдения продавцом. В случае их несоблюдения продавец не должен возмещать неустоек, а покупатель не может отказаться и/или задержать согласованные платежи. Если клиент должен предоставить данные, необходимые для выполнения поставки, срок поставки начинается с момента получения точных данных.
The delivery terms are to be used as a guide and not a guarantee and so are not binding for the Seller. Consequently any failure to meet them does not constitute any compensation from the Seller, neither justify the Buyer to cancel or delay the agreed payment. In case the Purchaser has not given the necessary exact and correct data to carry out the order, the delivery of the products will take effect only from the receipt of them.
- D Клиент несет ответственность за все идентификационные данные, предоставленные компании-продавцу такие как: Название фирмы – Юридический адрес – Код налогоплательщика - Регистрационный номер фирмы в бюро учёта НДС и другие данные, которые требуются действующим законодательством. Данные о клиенте, в соответствии с законом 675/95, будут храниться и обрабатываться как того требует закон. Любое другое использование должно быть одобрено заказчиком.
The Purchaser is the sole liable for the data he communicated to the Seller concerning the identification of the Purchaser such as Company Title – Registered Office – Tax payer's code – VAT Number – and whatever requested by the Laws in force. The Purchaser's data, according to the Law 675/95 will be kept and elaborated only for the obligations of Law. Any other use must be explicitly accepted by the Purchaser.
- E Отправка осуществляется в порядке, который продавец сочтет более подходящим. В момент доставки покупатель должен проверить заказанные материалы, а также немедленно заявить рекламацию перевозчику, в случае повреждения или вскрытия упаковки.
The shipment is carried out in the most appropriate way for the Seller. At point of delivery the Buyer is obliged to check the ordered goods and in case of error or damage of the packing he has to report this in the first instance directly to the forwarding agent.
- F Любая рекламация или жалоба должна направляться в письменном виде не позднее 8-ми дней от даты получения товара. В случае подачи рекламации в должные сроки товар следует направить на склад продавца на условиях «Франко склад» для проверки наличия дефектов. В случае обнаружения дефектов, допущенных по нашей вине, будет обеспечена замена возвращенного изделия, при этом, исключается какая бы то ни было дальнейшая ответственность продавца за прямые или косвенные последствия установки и эксплуатации изделия.

Any complaint and objection has to be communicated by recorded delivery letter within 8 days from the receipt of the goods. In the case of a complaint made within this time the goods can be sent free-port to our warehouse in order to be checked. In the case of defective material caused by the company it will be replaced, but the company will not accept any further responsibility for any direct or indirect consequences due to installation and use.

- G При задержке оплаты будет начислена пеня по обычной ставке 6% со дня просрочки платежа, вне зависимости от предоставленных объяснений. При наступлении неуплаты в согласованные сроки, все заказы в портфолио будут приостановлены без предварительного уведомления и будут считаться аннулированными по вине компании-покупателя, кроме компенсации ущерба. Оплата поставленной продукции не зависит от завершенности заказа. Никакой платеж не может быть пролонгирован в случае возникновения споров.
In the case of a delayed payment, the company reserve the right to charge interest at the rate of 6% starting from the day after the expiry date of the invoice without notice. In case of any delay of payment within the agreed terms, the Seller has the right to suspend the supply without prior notice and the orders will be annulled due to Purchaser's fault , unless compensation for damage. Delivered goods pending payments will not prejudice the completion of orders in progress. Any delay or payment will not be accepted in case of claims.
- H Товар находится в полной собственности Продавца, до момента получения оплаты его полной стоимости.
The products remain Seller's property until the moment of the complete payment of the price.
- I Иллюстрации и описания, содержащиеся в данном прейскуранте и в печатных материалах продавца, не влекут за собой обязательства точного их соблюдения; приведенные детали и размеры следует считать ориентировочными, и могут подвергаться изменениям без предварительного уведомления.
The images and descriptions included in our literature do not constitute an obligation of an accurate realization of the product, the details and the measurement included are to be used as a guide and maybe modified without notice.
- L В случае возникновения споров по поставкам, осуществляемым продавцом, они передаются на рассмотрение в суд г. Верчелли.
In the case of dispute involving Gessi S.p.A the relevant authority will be the Law Court of Vercelli.
- M Возможные ошибки и / или опечатки в данном прейскуранте не является основанием для претензии.
Possibile mistakes and/or misprints of current price list will not be object of dispute.

Цены не включают НДС / VAT tax not included
