peronda

DIFERENTES ESPACIOS DIFFERENT SPACES

Downtown es la belleza de lo imperfecto. La irregularidad del cemento, con sus sales, destonos, desconchados y grietas aporta un ritmo a la par vanguardista y atemporal. Perfecto para espacios residenciales, públicos o comerciales que buscan lo contemporáneo con un nivel de detalle diferenciador. En este caso, nuestra tecnología Shaped define las zonas más desgastadas y permite mostrar el efecto rullato tan característico del cemento que pisamos en las calles de Tokio, Moscú o Nueva York.

Downtown is the beauty of the imperfect. Cement's non-uniform surface, spattered with salts, changes of shade, flaky patches and cracks, brings a ground-breaking timeless appeal to the proposal. It is a perfect choice for residential, public, or commercial spaces that seek the contemporary with a differentiating level of detail. In this case, our Shaped technology defines the most worn areas and allows us to show the ribbed effect so characteristic of the cement we walk on the streets of Tokyo, Moscow or New York.

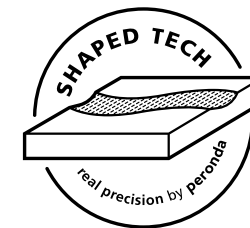

SHAPED

NATURAL

Las texturas, los recovecos, las vetas que crea la naturaleza son caprichosas, y esa es la fuente de su belleza. No hay dos iguales, y en su singularidad radica su belleza. La pasión por la búsqueda del detalle ha llevado a Peronda a desarrollar una tecnología capaz de reproducir la naturaleza en su máxima expresión, que es captando hasta el mínimo detalle. Los relieves son creados con tecnología digital perfectamente coordinada con la impresión gráfica para generar las piezas más naturales vistas en cerámica.

NATURAL

The textures, sinuosity and veining found in nature all follow capricious rules, and it is this random nature that makes them so very lovely. Nothing is ever identical and this singularity is the secret to nature's beauty. Peronda's passion for detail has led it to develop technology able to reproduce nature in its maximum of expressions, captured down to the tiniest of details. Digital technology is used to create textures that coincide perfectly with the printed pattern, leading to some of the most natural looking designs ever to be seen on ceramic tiles.

PRECISO

Donde ponemos el relieve ponemos la tinta. La precisión con la que imprimimos nuestras piezas es milimétrica, pues relieve y gráfica casan a la perfección para obtener un resultado técnicamente inmejorable.

PRECISE

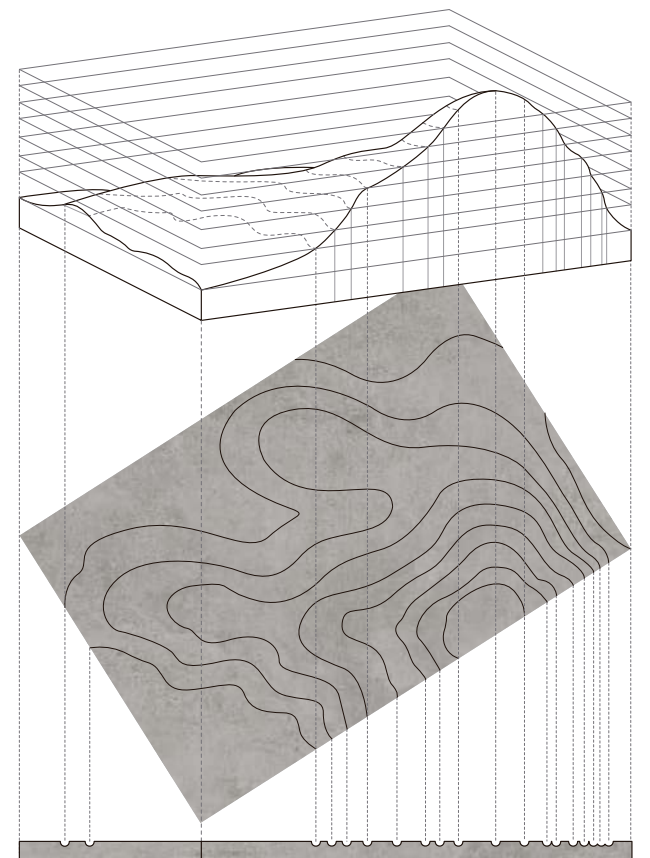

Our printing inks reach each and every part of the printed texture. The tiles are printed with absolute precision, carefully marrying the design with the corresponding texture to unparalleled technical effect.

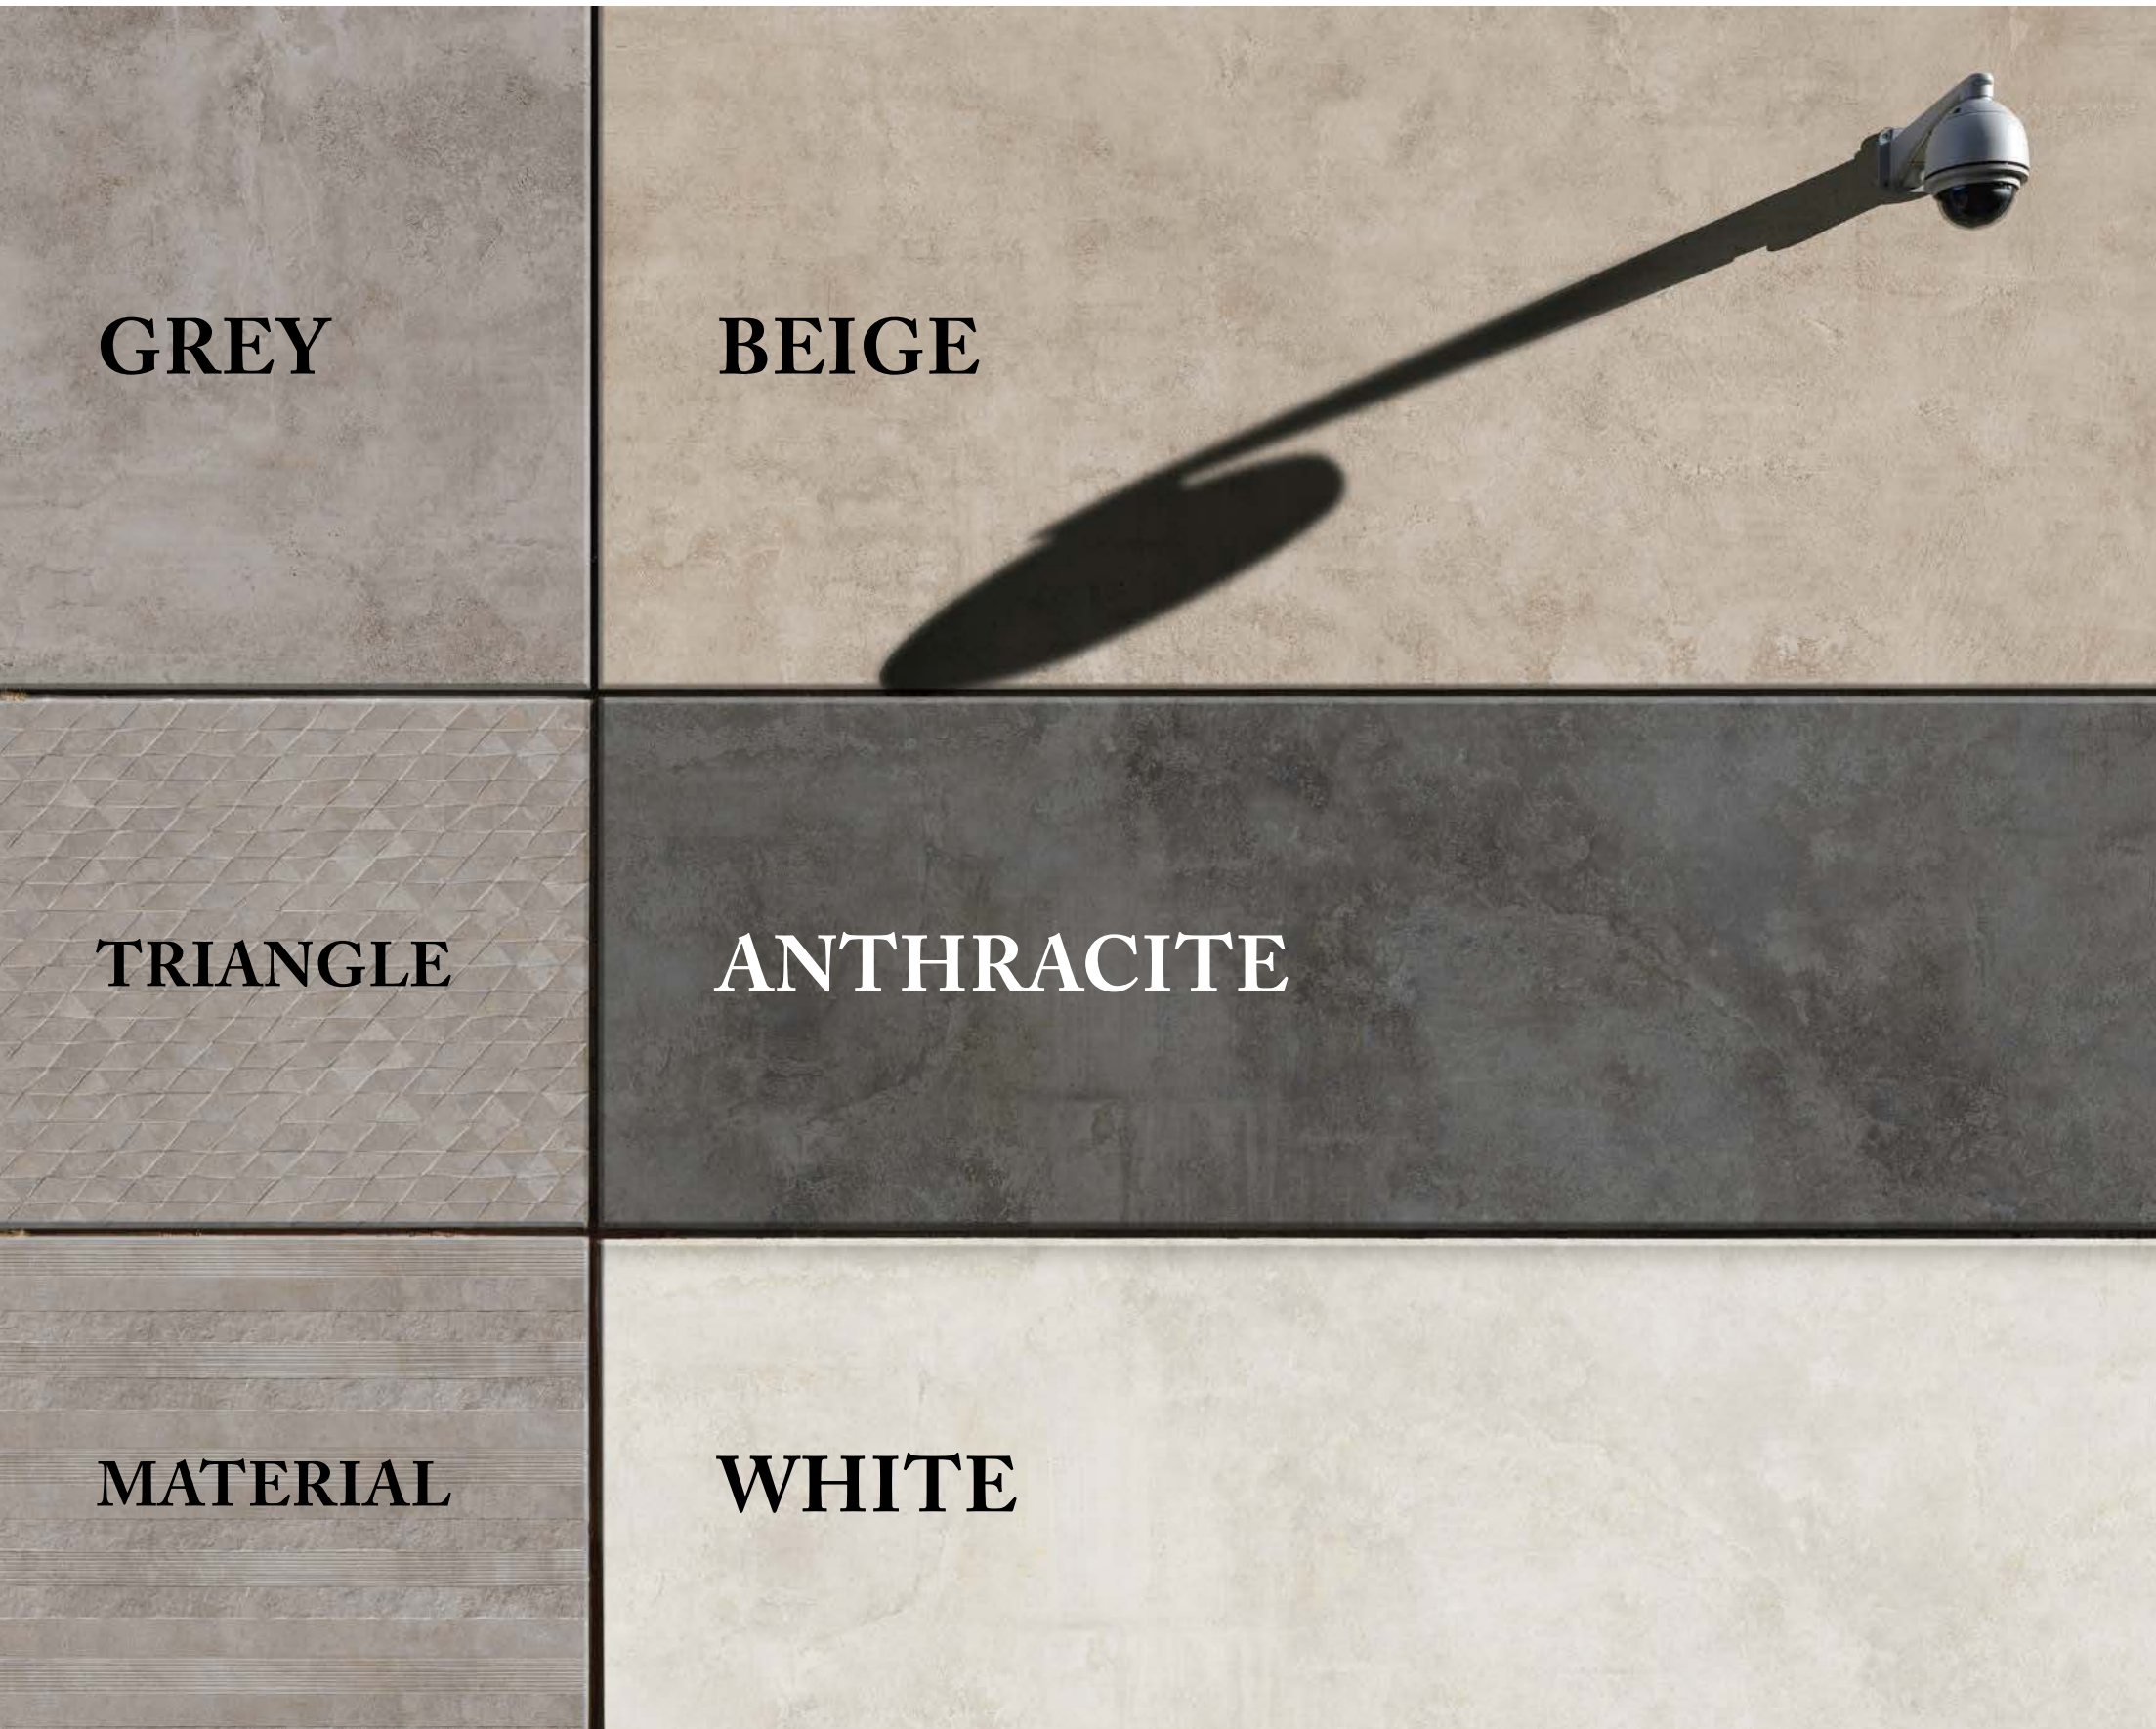

REAL

Nada de ilusiones ópticas, esto es real. Lo que ves y lo que tocas es lo mismo. La veta está donde está el relieve y viceversa. Lo que siempre quisimos en cerámica, ahora lo consigue Peronda.

REAL

There are no optical illusions. Everything is real. What you see and what you touch are one and the same thing. The printed veins coincide perfectly with the texture. Everything you have always longed for in ceramic tiles has now been achieved by Peronda.

DOWNTOWN

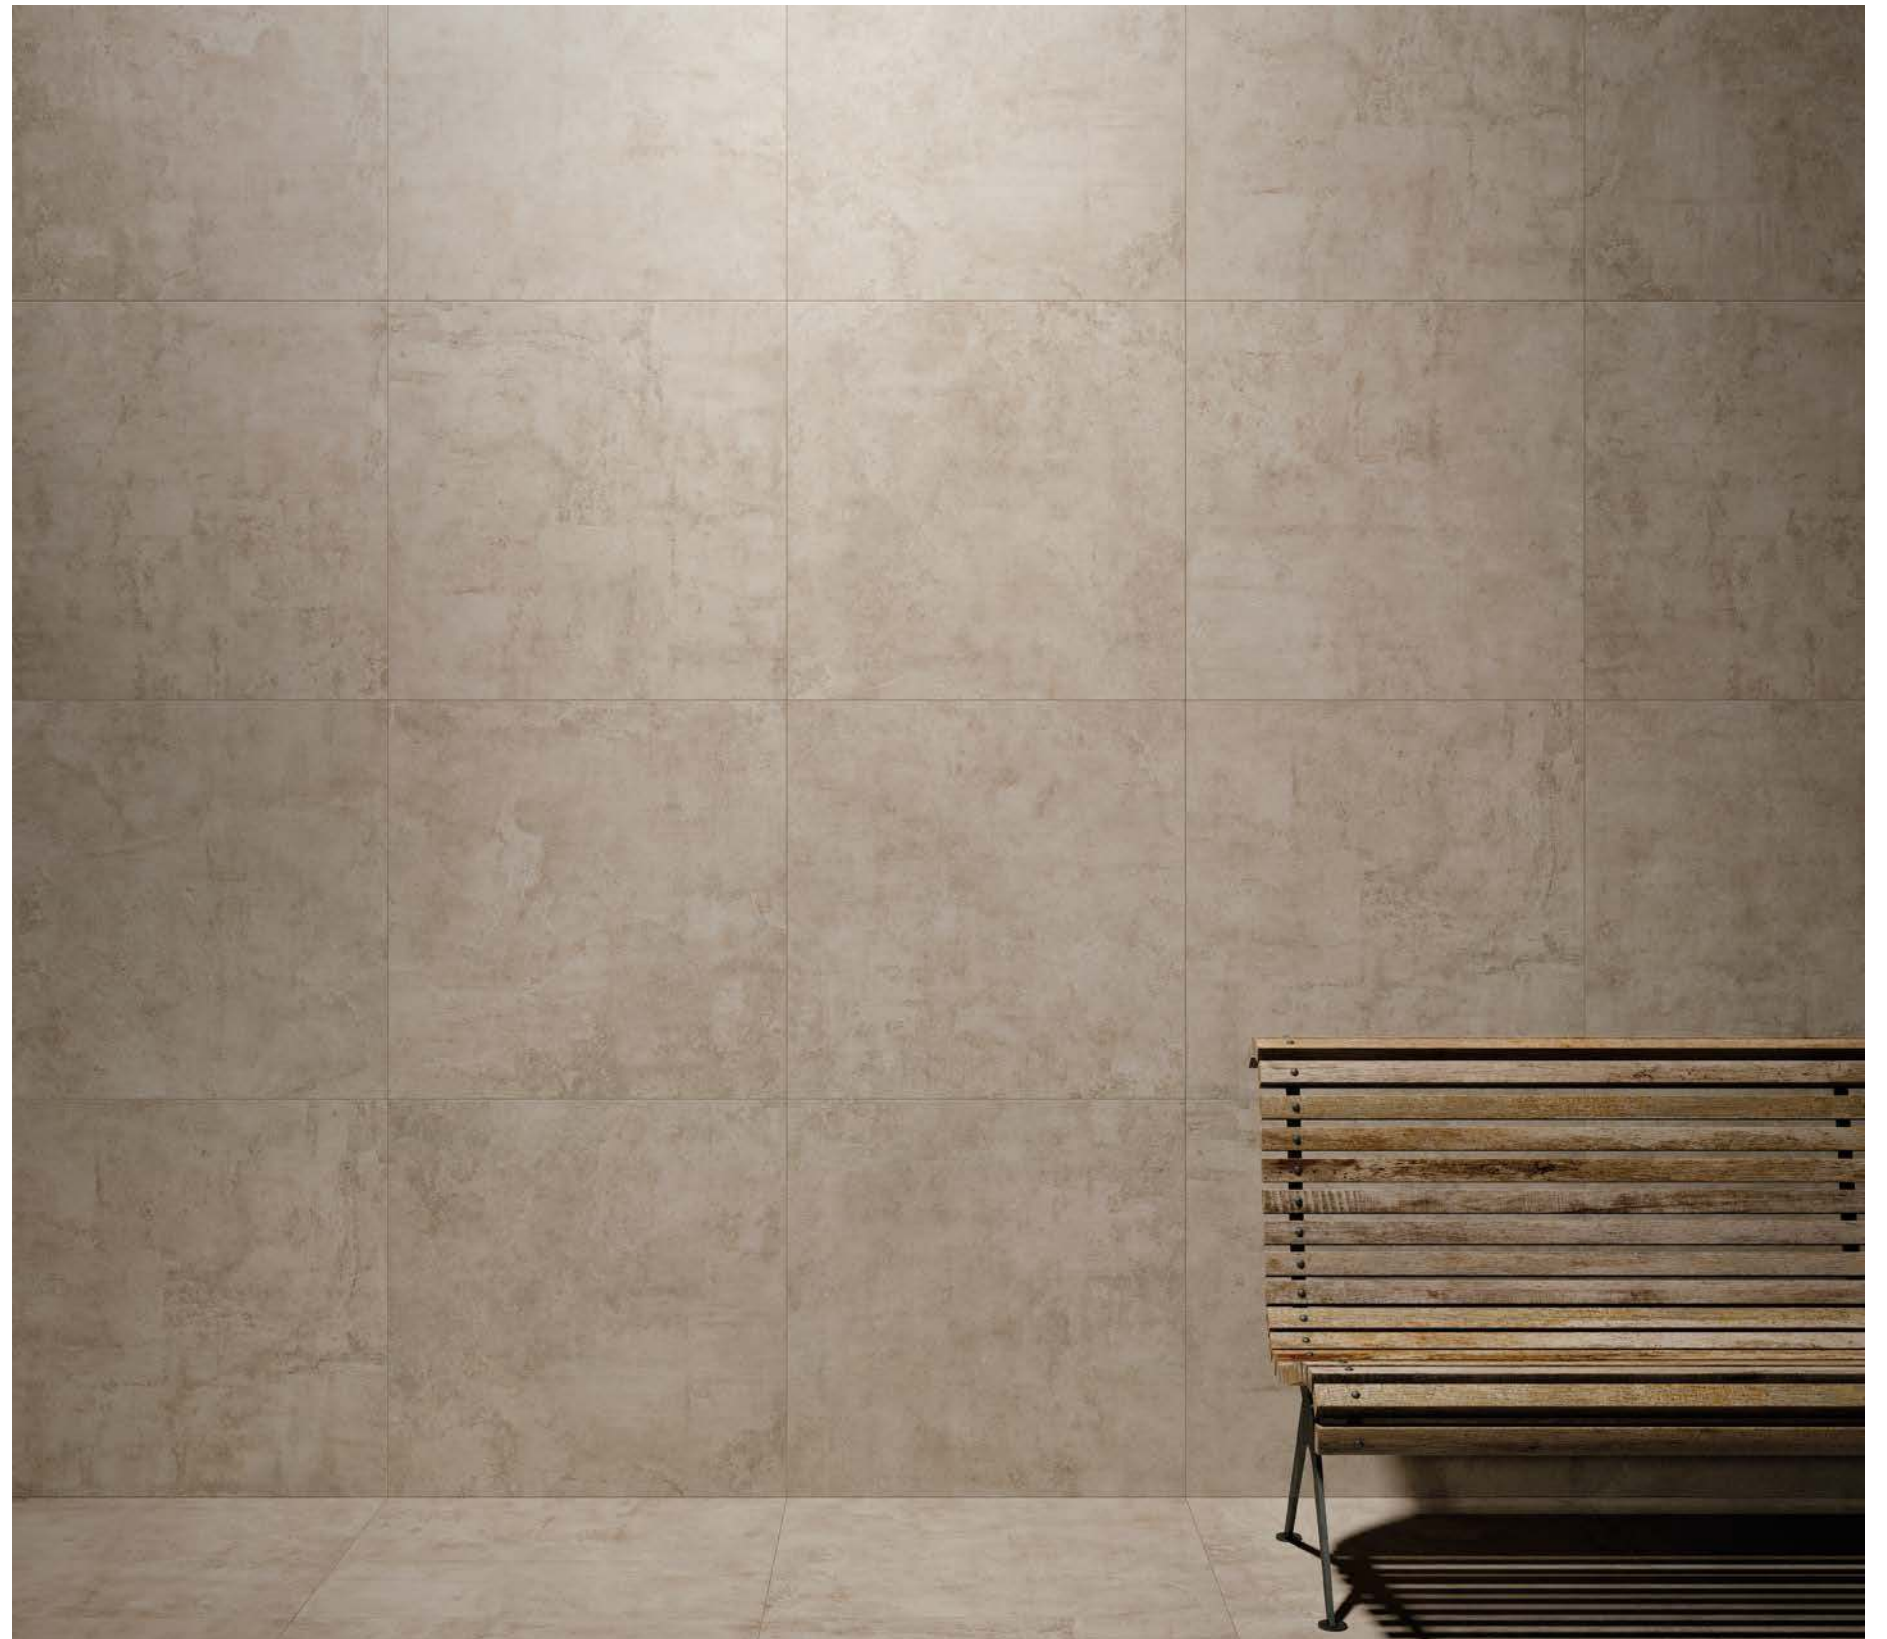

BEIGE

Ambientes contemporáneos donde descubrimos que el cemento también sirve para generar interiores cálidos y confortables. En las paredes nos va a aportar una sensación de luminosidad con un carácter estético de una potencia incomparable.

Settings with a strong contemporary allure, where we discover that cement also serves to create interiors with a warm, cosy feel. On walls, beige ensures added luminosity and incomparable visual appeal.

WHITE

Genera amplitud y luminosidad con la versión White de la colección Downtown. Especialmente importante en el revestimiento, donde el color White hace que las estancias multipliquen su tamaño generando un envoltorio atemporal y neutro en el que tienen cabida todo tipo de materiales que ayudan a completar el proyecto.

The Downtown collection's White tile model brings added spaciousness and luminosity to settings. This is especially important in the case of wall surfaces, where White multiplies the size of rooms, creating a neutral-looking backdrop of timeless beauty, combinable with all kinds of materials.

GREY

Si hablamos de cementos el color Grey es imprescindible. Esencial para usar en proyectos donde buscamos la pureza de los materiales con un realismo incomparable gracias a la tecnología Shaped Tech. Unimos la estética contemporánea del cemento con las últimas tecnologías de producción cerámica para presentar un producto al que no le falta el más mínimo detalle.

Grey is an absolute must when a cement look is needed. It is essential in projects where we seek to highlight the unadulterated beauty of materials, guaranteeing an amazing realism thanks to the use of Shaped Tech technology. We unite the contemporary appeal of cement with cutting-edge tile technology in a product with superb attention to detail.

ANTHRA-CITE

El color perfecto para generar estancias rompedoras en las que enfatizaremos el ritmo de la gráfica y el aspecto urbano de a colección. Ideal para combinarlo con el color Grey y White aprovechando la gama de colores de la colección.

The perfect colour for creating ground-breaking living spaces, with the emphasis on the rhythmic movement of the collection's design and its urban allure. Anthracite can also be combined to brilliant effect with White and Grey, taking advantage of the collection's other colours.
