Le pennellate

omaggio a Giorgio Morandi

Un omaggio al grande Giorgio Morandi
che con le sue opere ha ritrovato
"l'essenza delle cose"

A tribute to Giorgio Morandi which recovers
the "essence of things" with his work

A close-up photograph of two paintbrushes resting on a canvas. The brush on the left has a dark handle and a dense, dark bristle head. The brush on the right has a lighter, possibly wooden handle and a more spread-out bristle head. The canvas surface is covered in soft, blended washes of color, including shades of grey, blue, and brown, creating a textured and atmospheric effect. The lighting is soft and diffused, highlighting the textures of the brushes and the canvas.

Corolle impastate di luce e colore
dove i toni e i cromatismi si fondono
creando atmosfere poetiche.

Corolles blended with light and colour
where shades and chromatic tones create
poetic atmospheres.

A close-up photograph of an artist's hand using a brush to paint on a white canvas. The canvas is mounted on a wooden easel. The painting is in progress, showing faint, light-colored strokes. The background is softly blurred, showing a window with a view of greenery.
