

METAL.IT

tempo acciaio minimale
contemporaneo

Moderna, essenziale e ricercata, **METAL.IT** è una collezione che si ispira all'acciaio spazzolato, graffiato dal costante utilizzo e dall'inesorabile passaggio del tempo.

La collezione è stata ideata per rivestire gli ambienti moderni, cosmopoliti, eleganti e mai scontati.

Luoghi pubblici o privati dove l'involucro rappresenta un contenitore puro ed essenziale per mettere in risalto architetture minimali, rigorose senza mai essere fredde e asettiche.

Il nome selezionato per la serie intende sottolineare la grande attualità del design contemporaneo italiano.

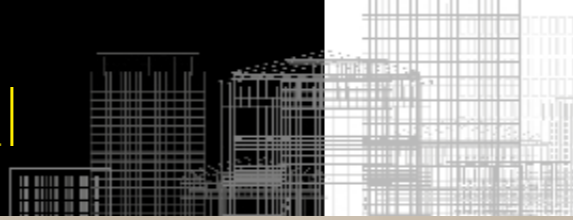

*Modern, simple and sophisticated, **Metal.it** is a collection inspired by brushed steel, scratched with constant use and the inexorable passage of time.*

The collection is designed for modern, cosmopolitan interiors which are elegant and never banal.

Public or private locations where the building's shell becomes a pure, simple container, emphasising minimalist architectural forms which are severe but never cold or sterile.

The name chosen for the series is intended to underline the trendiness of Italian contemporary design.
